

DIESEL ENGINES

Applicable Requirements and Compliance Certification

(Engines greater than 50 Horsepower located in San Joaquin Valley Air Pollution Control District)

This form may be used in lieu of standard form "Part D – Compliance Certification." If you choose to use this form, it must be accompanied by the Applicable Requirements and Compliance Certification form for General Farming Operations in San Joaquin Valley, and other equipment and operations forms as applicable. Refer to the attached San Joaquin Valley – Part D instructions for more information.

1. Equipment Description: Describe the diesel fired IC engine(s). Engine(s) should all be fired on CARB certified diesel fuel.				
	<u>Make</u>	<u>Model</u>	<u>Horsepower</u>	<u>Serial Number</u>
Example	Cummins	KTTA19-C700	700	CPL 1253
